

**Paris, July 30, 2010.** Just back in Paris after some time in Portugal taking pictures for an on-going project of mine. (See below.)

Other than that, summer 2010 just keeps on passing by: Lucy has been busy doing her stuff here in Paris; Ben has also been here, working at the Embassy and preparing himself to embark on the big adventure that going to college is; and Filipa has been in Portugal, helping my sister with her 3 kids (what an incredible tan she had when I left!) Quiet summer, so far!

Also of relevance: I finally have my motorcycle here in Paris with me! I am very much looking forward to recovering some of the "lost time", as far as traveling around France on her!

Stay tuned. Until the next one.
