

Cotonou, Nov 20, 2015 Yes, a new town on the dateline: Cotonou, the *de facto* capital city of Benin. That's where we are now, and that's where we'll be for the next three years.

Done with the move, kind of settled in in the new home, now it is time to start enjoying the new 'hood. And we are doing just that: we got our first road trip under our belt: a short one, to Ouidah, one of the country's most interesting cultural destinations. For a few pics on this trip, check out the photo album below.

These first few weeks have also been marked by Lucy's credentials presentation ceremony. Super interesting... Check out the pics down below as well.

Other than that, it has been an intense time from a social point of view. Just the way I love it!!! Soon it will settle down a bit, I have no doubts...

Stay tuned. Cheers.
